

Parts Dept.

- Most major Yanmar engine and Kohler generator parts. Yanmar maintenance and service parts are inventoried onsite. We have the capability to deal with international suppliers for shipping and import through customs of all other necessary parts. We are a Registered Mexico importer and have associate import brokers on both sides of the Mexican/US border at Nogales - available for handling large, substantial engine parts and heavier units. We can generally count on a 5 day to 2 week delivery schedule. For price and availability please contact us.
